**Re: In the Matter of Restoring Internet Freedom, WC Docket No. 17-108;
Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure
Investment, WC Docket No. 17-84**

Dear Ms. Dortch:

On May 10, 2017, Christianna Barnhart of Charter Communications, Inc. and the undersigned met separately with the FCC staff copied below. During the meetings, Charter expressed support for the proposal to reclassify broadband Internet access service as an information service. Charter also discussed municipal fees and licensing requirements on broadband operations and the impact that those regulations have on broadband deployment. Charter urged the Commission to address these concerns in a timely manner.

Please contact me if you have any questions regarding these matters.

Sincerely,

/s/ Samuel L. Feder
